THIS IS WHAT YOU CAN DO WITH US

NEW  **ANCORVIS** think about yourself!

Approaching Light Solutions - a system dedicated to computer-guided surgery in a fully digital key - **you can develop prostheses with immediate loading and safe and predictable surgical stents, guaranteed by the specific digital workflow and use of certified components, on par with the surgical planning software.**

There are **three** possible **paths**:

Light Solutions, for professionals that turn to New Ancorvis for guided surgery in its entirety.

Light Solutions PRO, for professionals that intend to instruct cases completely autonomously, relying on a 360° theoretical/practical training course. **Light Solutions Network**, for all technicians who, thanks to the specific network, would like to be able to instruct cases of guided surgery in synergy with their own clinician and firm, completely autonomously.
